Making Great Communities Happen

2018 North Carolina Planning Conference

Twin City Quarters, Winston-Salem, NC

- Call for Session Proposals -

The American Planning Association – North Carolina Chapter announces its Call for Session Proposals for the 2018 Annual Planning Conference, which will be held September 11 – 14 at the Twin City Quarters, in Winston-Salem. We hope you will be inspired by this year's theme:

Community, Connectivity and Change

Our hope is to bring current issues, trends, challenges, and solutions that are shaping planning today to the conference, but we need **YOU** to make that happen. 75 minutes is a long time to sit and listen to a lecture – **Let's shake it up and have some fun!** We encourage you to propose **new ideas, new presentation formats, solutions, tools, interactive sessions, and mobile workshops!**

We invite participants to consider presenting in our Lightning Round sessions — where participants join others in a fast paced series of entertaining mini-presentations on one topic. Please note that in Lightning Rounds one presenter speaks to a specific topic or project for a total of 15 minutes.

All sessions are usually scheduled in 75 minute increments (sessions must be a minimum of 60 minutes to qualify for certification maintenance credit). The exception is the Lightning Rounds that are assembled into a *combined* session of 75 minutes (15 Minutes per Speaker/Topic, 4 Speakers max) in length.

Sessions proposals are reviewed based upon the following criteria: quality of the program proposal; contribution to the mission of the Chapter; content of program goals and outcomes; program delivery style; and creativity. As a presenter, your ideas for a forward thinking and innovative discussion are needed. **All presenters who would like to participate in the conference in sessions other than their own will be responsible for any applicable registration fees.**

IMPORTANT: No presenter will be allowed to present in more than two (2) sessions.

All proposals must be submitted using the attached form and completed with all required information in order to be reviewed by the committee. Proposals should be submitted electronically to conference@nc-apa.org.

Session proposal submissions MUST be received by 5:00PM April 20, 2018

Notification of acceptance will be sent out by June 29, 2018
